Solidarity Forever

<https://www.youtube.com/watch?v=R8eK9ZXf-Ow>

8 Bar intro over Chorus

Verse

When the unions inspiration through the workers blood shall run
There will be no power greater anywhere beneath the sun
Yet what force on earth is weaker than the feeble strength of one
For the union makes us strong

Chorus

**Solidarity forever, solidarity forever,
solidarity forever for the union makes us strong**

They have taken untold millions that they never toiled to earn
But without our brain and muscle not a single wheel will turn
We'll break their haughty power gain our freedom when we learn
That the union makes us strong

Chorus

There are sellout unions that have given up the fight
Bunging leaders into parliament by acting all polite
The rank and file must organise and fight for the right
To have a union that makes us strong

Chorus

The Internationale

https://www.youtube.com/watch?v=3sh4kz_zhyo

Arise ye starvelings from your slumber
Arise ye prisoners of want
For reason in revolt now thunders
And at last ends the age of cant.
Away with all your superstitions
Servile masses arise, arise
Let's change forthwith the old tradition
And spurn the dust to win the prize.

Chorus

**then comrades, come rally
And the last fight let us face
The Internationale unites the human race. X2**

The union movement is in trouble
Good unions are so hard to find
Workers rise up show your muscle
and demand that your union fights
We must end exploitation of workers
The class struggle we must ignite
Touch One Touch all is our credo
Dare To Struggle, Dare to show your might

Union Maid

<https://www.youtube.com/watch?v=wI7ONJ60DIc>

There once was a union maid, who never was afraid
Of goons and ginks and company finks & the stooges who made the raids
She went to the union hall. When a meeting it was called
When the company clowns came around, she Always stood her ground

Chorus

**Oh You Can't scare me I'm sticking to the Union
I'm sticking to the union I'm sticking to the union
Oh You Can't scare me I'm sticking to the Union
I'm sticking to the Union till the day I die**

This union maid was wise to the tricks of the company spies
She wouldn't be fooled by the bosses rules
She'd organise the guys
She always got her way when they struck for higher pay
When She showed her card to the cops in the yard this is what she'd say

Chorus

There once was a union maid who never was afraid
Of sellout rats and bureaucrats who rained on her parade
When May Day came around she's solidarity bound
Dare to struggle dare to win is a virtue not a sin

Poor Ned

https://www.youtube.com/watch?v=j9L1E0FS_jl

Chorus

Poor Ned, you're better off dead
At least you'll get some peace of mind,
You're out on the track
They're right on your back,
Boy they're 'gonna hang you high

Eighteen hundred and seventy eight
Was the year I remember so well
They put my father in an early grave, Slung my mother in gaol
Now I don't know what's right or wrong,
But they hung Christ on nails
Six kids at home and two still on the breast
They wouldn't even give her bail

Chorus

You know I wrote a letter 'Bout Stringy-Bark Creek
So they would understand, I might be a bushranger
But I'm not a murdering man
I didn't want to shoot Kennedy Or that copper Lonnigan
He alone could have saved his life By throwing down his gun

Chorus & Solo

You know they took Ned Kelly
And they hung him in the Melbourne gaol
fought so very bravely, Dressed in iron mail
And no one single-handed
Can make the system sag
It's a million Neds & Nellies Who'll raise the Eureka Flag

Leila(Maria,Redgum)

<https://www.youtube.com/watch?v=Pd1EWSA4P5s>

Came from war torn Africa, refugee from warlord fire
Millet crops and a bowl of stew
Safety's something that you never knew

Straya seemed like a decent place but constant racism you face
Casual work won't pay the bills, Kids need shoes, this takes weeks of saving

Daily harassment haunts your sleep, a monster at your heels
We can offer tea and sympathy, But can't know how it feels

Chorus

**Take your blues to the bottle every Friday night
And drink them all away
Take the world in your hands when the weekend comes
Tomorrow is another day...
Leila, comrade Leila
The blinds are torn and the door's ajar
A sneaking draught, it chills your bones
Leila, you're so far from home**

Policeman leers as you walk by, Ugly dial and furtive eyes
harassed and stopped again today
And what will come, there's no way of saying

They rob you blind, they suck you dry, You sell your life, they sell you lies
Apex gang you hear them say but
When you meet them face to face, They turn away...

Its getting harder to make ends meet rising inequality bites,
Gaudy Profiteering bosses cashing in without a fight

Chorus

Husband's face is pocked and lined
Pride is shattered, and his rage is blind, Out of work, short of hope
You try to talk but he just won't understand

Chorus 2nd half

The Red Flag

<https://www.youtube.com/watch?v=sHoyoKgRq5U>

The Workers flag is deepest red
It shrouded oft our martyred dead
And ere their limbs grew stiff and cold
Their hearts' blood dyed in every fold

Chorus

**So raise the scarlet standard high
Within its shade we'll live and die
Though cowards flinch and traitors sneer
We'll keep the red flag flying here**

It waved above our infant might
When all ahead seemed dark as night
It witnessed many a deed and vow
We mustn't change its colour now

It well recalls the victories past
It gives the hope of peace at last
The banner bright, the symbol plain
Of human right and human gain

Solo

It suits today the meek and base
Whose minds are fixed on pelf and place
To cringe beneath the rich man's frown
And haul the sacred emblem down

With heads uncovered swear we all
To bear it onward 'til we fall
Come dungeons dark or gallows grim
This song shall be our parting hymn

BLF Song

Intro & Tune

We're putting up new buildings, we're knocking down the old
We're working in the summer heat and in the winter cold
And the labour power we sell now for a hardearned weekly pay
Produces mighty profits for the greedy MBA

And whether we were born here or born in Italy
Or Greece or Spain or Africa, in England or Fiji
all of us are workers, united we must stand
Until the wealthy bludgers have been driven from our land

Chorus:

So keep your powder dry – hold your head up high
It's class to class and face to face; our limit is the sky
We've got a fighting history we never will be cowed
A builders' labourer is a name to make a worker proud

We faced deregistration and it backfired in their face
We're not fooled by arbitration we won't stay "in our place"
We hit the bosses hard and fast to win and keep our gains
And break a couple of concrete pours to back our log of claims

Cummo was a mighty unionist, a BL through & through
A warrior of the working class, he spoke for me and you
He saw through bosses bullshit and never sold us short
Dare to struggle, dare to win was the lesson that he taught (Repeat)
